

Dear Jennifer, Stephanie and Annette,

I feel that the staff at The Medallion really puts a lot of heart and effort into keeping my Mother and the other residents engaged and, in a loving, comfortable environment. That really means so much to me and all our family.

Thank you for the pictures and making a special moment for my Mom. You all continuously impress me with the special, caring environment you create. Despite coronavirus and my Mother's limited abilities, you find a way to brighten her day and ours, too. I'm so grateful to you all.

Sincerely,

D.B.
