

*Honor and Nurture, Together*

*Dear Brad, Malcolm and the Board of Trustees,*

*My family and I want to thank the entire Seven Acres staff for the wonderful care our father received. He was a resident for 3+ years. During this time, the staff's dedication and care shined. We are very appreciative of everyone – from all medical staff and caregivers, to maintenance, kitchen, laundry, to the administration, programming and all behind the scenes employees.*

*Our dad's last days were ones of comfort and dignity. We were particularly moved by the respect and love the staff showed by coming to his room to say goodbye on his last day.*

*Many thanks to you, the Board of Trustees, for your leadership in giving our community such a wonderful institution to honor our elders. May you go from strength to strength.*

*Sincerely,*

*The K. Family*
