

## Letter to the Editor

Dear Editor,

I am writing to express my public thanks to the physical and occupational therapy staff at Seven Acres, especially to Debi Sokoloff and Chaitali Patel. I am 88 years old. In mid-November, I broke my leg at the hip. After surgery and more than a week in the hospital, I rehabbed at Seven Acres. Debi and Chaitali could not have been nicer or more knowledgeable, and they got me up, walking and back home within about four weeks.

I thought everyone should know about their high-quality work.

*Sincerely, Miriam Lefkowitz*
