

Honor and Nurture, Together

Dear Barry,

Thank you very much for your kind letter about our brother Bill S. Being a long distance caregiver is not easy but we always had the comfort in knowing that he was in a Jewish Home where values and caring pervade. You and I spoke many times when I felt I had to advocate on his behalf and I was always sure that new plans and decisions would be followed through.

We are so grateful for the care he received and the attention by staff. We know that staff truly tried to motivate him and provide him with the best quality of life possible. Thank you for all your help and advice.

My best,
C.R.
